

(5) A pregnant woman requests information on abortion and asks the title X project to refer her to an abortion provider. The project counselor tells her that the project does not consider abortion an appropriate method of family planning and therefore does not counsel or refer for abortion. The counselor further tells the client that the project can help her to obtain prenatal care and necessary social services, and provides her with a list of such providers from which the client may choose. Such actions are consistent with paragraph (a) of this section.

(6) Title X project staff provide contraceptive counseling to a client in order to assist her in selecting a contraceptive method. In discussing oral contraceptives, the project counselor provides the client with information contained in the patient package insert accompanying a brand of oral contraceptives, referring to abortion only in the context of a discussion of the relative safety of various contraceptive methods and in no way promoting abortion as a method of family planning. The provision of this information does not constitute abortion counseling or referral.

#### **§ 59.9 Maintenance of program integrity.**

A title X project must be organized so that it is physically and financially separate, as determined in accordance with the review established in this section, from activities which are prohibited under section 1008 of the Act and § 59.8 and § 59.10 of these regulations from inclusion in the title X program. In order to be physically and financially separate, a title X project must have an objective integrity and independence from prohibited activities. The Secretary will determine whether such objective integrity and independence exist based on a review of facts and circumstances. Factors relevant to this determination shall include (but are not limited to):

(a) The existence of separate accounting records;

(b) The degree of separation from facilities (*e.g.*, treatment, consultation, examination, and waiting rooms) in which prohibited activities occur and the extent of such prohibited activities;

(c) The existence of separate personnel;

(d) The extent to which signs and other forms of identification of the title X project are present and signs and material promoting abortion are absent.
